FIRESTORM 69

© Copyright Metalcraft Marine 2008

The Firestorm-69 provides more speed, manoeuvrability and pumping capacity than any other high speed fireboat in the market today. Fitted with quad Hale pumps it expected to produce flow meter results of 12,000 GPM. High pump numbers are due to unique MetalCraft Marine proprietary designed sea chest which has an intake three times the cross sectional area of the main and can be inspected and cleaned while underway. This provides a positive head to the pump, as well as pump redundancy. The monitor location is placed at the center of buoyancy, which permits the helmsman to pivot the streaming at any angle. Simplicity is the key to the fire system, and is based on fire truck system design for ease of maintenance and repairability.

Speed	35 knots fully loaded	Electrical System	Other Features
L.O.A.	69' flush deck,	• Shore power 3 x 50 amp	• Chart Table
B.O.A.	22' 10"	• D/C (12V) Breakers	• Command Center
Draft	34"	• A/C (110V) Breakers	• 4x suspension crew seats
Pump	2x Hale RME's and 2x 8 FKF pumps producing 12,000 GPM	• D/C Outlets - 10	• Non skid 24' side decks
Monitors	1x Remote Stang, 2x remote Elkharts and and 2x manual Elharts	• A/C Outlets - 8	• Safety railings with harness brackets
Engine	Quad Iveco C-13- 825 HP	• 2 x 13.5 Kw Onan genset	• Anchor Locker
Jets	Quad Hamilton 364	• Corrosion Meter	• Dive Platform rated for 2500 lbs.
Fire Fighting Systems		• Cabin, Scene & Spot Lights	• Watertight emergency access hatches
• Roof mounted, remote operated 5000 GPM monitor, Stang		• NAV & RIM lights	• 4x watertight compartments
• Bow 2x mounted electrical 2000 GPM monitor's, Elkhart 8394		• Battery chargers	• Rubber sound/stress matting
• 5" Storz connection for supply to land units			• 5" 'D' rubber fendering
• All fire controls and gauges at dedicated console		Electronics	• Fully finished interior
• Hydrant with outlets aft of cabin		• 2 VHF, Radar integrated w/GPS	• Head w/overboard & deck discharge
EMS Support		• GPS, 3D chartplotter w/depth sounder	• High security engine hatch locks
• Heated and Air Conditioned patient care area with primary patient care berth and four secondary care berths		• Compass	• High security battery switches & start sequence
• Dedicated EMS equipment storage with A/C outlets for battery chargers		• Loudhailer/Fog horn	• Flat or treadplate aluminum decking
• SCBA storage panel		• Siren	• 500 gallon foam storage
• Head w/sink		• Emergency lights	• Tinted side and aft windows, clear windshields
• Medical Fridge		• Many available options - FLIR etc.	• Raked forward windshields reduce glare and improve water clearing
		Standards	• 2 speed wipers w/washers
		• Meets NFPA Type 2	• 2x 40,000 BTU cabin AC with heat
		• Meets OSHA Db rating	• Hinged mast w/double height radar arch
		• USCG CFR 46	• Watertight, integral roof, electrical boxes w/terminal strip
		• USCG interior flame retardant rating	• Floatable dive/roof ladder
		• American Boating & Yachting Council	• Push knee with D-rubber
		• American Bureau of Shipping Welding Standards	• Ice clearing roof design
			• Access to all piping and valves
			• All piping concealed
			• Deck hose storage locker
			• Stokes/backboard stowage
			• Aft steps for level patient care
			• Accumax Foam Pro system
